

STAR WARS LEGENDS TIMELINE

www.swbooks.net/legends

Introduction:

Ever since Marvel Comics and the LA Times published their continuing adventures of Luke Skywalker, Han Solo, Princess Leia, Chewbacca, C-3PO, R2-D2 and Darth Vader in a galaxy far, far away hundreds of writers and artists expanded the original galaxy created by George Lucas. And it wasn't just new stories there were new characters, new planets, new vehicles, new weapons and new technologies. By 2014 there were over 700 published novels, comics and short stories. This was truly an "Expanded Universe". However in April 2014, with the knowledge that the new Sequel Trilogy was not beholden to events created in the Expanded Universe, Lucasfilm announced that, going forward, everything in the Star Wars Expanded Universe would be rebranded Star Wars Legends and a new canonical universe would be created. This meant that events within a Legends story may or may not have happened.

Legends from The Rebellion	19
Legends from The New Republic	25
Legends from The New Jedi Order	29
Legends from Legacy of the Force	31

Notes regarding this timeline:

1. This timeline consists of all stories now categorised as "Legends", that is material previously known as "Expanded Universe" (or EU).
For full details of "Star Wars Legends" visit www.swbooks.net/legends
2. This timeline does not include material from the Story Group universe except for the novelizations of Episodes I thru VI and The Clone Wars film as the events of these films are the catalysts for many of the Legends stories.
For full details of the Story Group universe visit www.swbooks.net/saga
3. All dates are in relation to The Battle of Yavin (Star Wars : Episode IV - A New Hope); i.e. events of A New Hope are considered to be zero year on the Star Wars universe timeline and so all dates/events occur x years before/after A New Hope.
4. This timeline is a condensed version containing titles & publication format only, for full information (author, synopsis, related stories and availability) visit Star Wars Books & Comics' full Legends timelines at www.swbooks.net/timeline
5. Key to publication formats:
 - [pb] : book story - first published as novel, either paperback or hardback
 - [eb] : book story - first published in e-book format
 - [yn] : book story - published as youth novel
 - [gn] : comic story - available as graphic novel
 - [cb] : comic story - comic book/strip/publication - not available as [gn]
 - [ss] : short story
 - [os] : online story - published online - may no longer be available
 - (+) : exact timeline placement has yet to be determined
6. Whilst this timeline lists stories in continuity order, ie a chronological reading order, consideration should be made for stories set during the following eras:
 - [a] The Clone Wars: events of The Clone Wars film (2008) & subsequent TV series created some contradictions with pre-existing Expanded Universe/Legends material which had its own cohesive chronology, ie each story was placed on the timeline, therefore many stories from this period have been marked with a (+) indicating exact timeline placement has yet to be determined.
 - [b] The Rebellion: Since 1976 and the release of the novelisation of Star Wars: A New Hope and the subsequent 107 issue Marvel comic series, LA Times comic stories, Pizazz comic Stories, "Classic" novels from Alan Dean Foster, Brian Daley et al.; to Dark Horse Comics' 20 issue "Star Wars" series that began in 2013, the Rebellion era is now both the busiest and shortest era (covering just 7 years on the Star Wars Timeline).
Therefore, story conflicts and contradictions are inevitable and so stories from this era on this timeline are placed in approximate order and should be considered as occurring within the dates specified, e.g. events portrayed in the early issues of Marvel's comic series and the youth novel series Rebel Force occur sometime within the first year after the Battle of Yavin, i.e. between 0y to +1y.
7. This Timeline was compiled using various sources, including, but not restricted to:
 - "*Star Wars: The Essential Reader's Companion*" (Pablo Hidalgo);
 - "*The New Essential Star Wars Chronology*" (Daniel Wallace);
 - "*The Star Wars Comics Companion*" (Ryder Windham & Daniel Wallace);
 - "*The Unauthorized Star Wars Compendium*" (Ted Edwards);
 - "*The Star Wars Encyclopedia*" (Stephen J. Sansweet);
 - "*A Guide to the Star Wars Universe*" (Bill Slavicsek);
 - "*Christopher G. McElroy's Star Wars Time Tales*" (www.theforce.net/timetales);
 - "*The Star Wars Timeline Gold*" (www.starwarsfanworks.com/timeline);

LEGENDS FROM RISE OF THE EMPIRE

Events that occur between 67 to 22 years before the Battle of Yavin.

After the seemingly final defeat of the Sith, the Republic enters a state of complacency. In the waning years of the Republic, the senate was rife with corruption and scandal, and saddled with a bureaucracy so immense that effective governing was nearly impossible. The ambitious Senator Palpatine caused himself to be elected Supreme Chancellor, and promised to reunite the galaxy under a New Order.

LEGENDS FROM THE DARK TIMES

Events that occur between 19 to 2 years before the Battle of Yavin.

Order 66 destroyed the Jedi Order and dispersed its survivors. The worlds of the former Republic are drawn inexorably into the iron grip of the first Galactic Empire and its self-declared Emperor, Palpatine. The rest of the galaxy is adrift in a sea of chaos, lawlessness and despair ever fearful of the Emperor, his stormtroopers and his henchman Darth Vader.

For billions of sentient beings across the galaxy, what they believed was a road to a better future has become an uncertain path.

LEGENDS FROM THE REBELLION

Events that occur between 2 years before to 5 years after the Battle of Yavin.

An outcry of resistance begins to spread across the galaxy in protest to the new Empire's tyranny. Cells of Rebellion fight back, and the Galactic Civil War begins.

This era begins with the formal declaration of the birth of the Rebel Alliance on Corellia and Kashyyyk and ends a year after the death of the Emperor high over the forest moon of Endor.
